ABOUT US

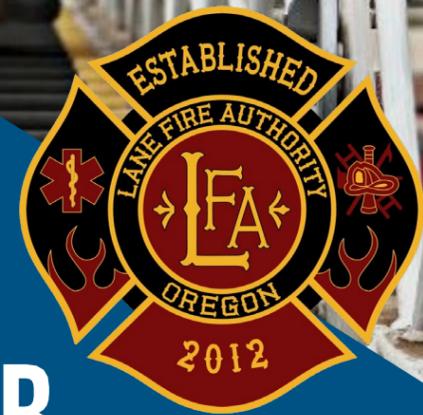

Lane Fire Authority provides fire, life safety, and emergency medical services (EMS) to 45,000 residents.

Our 80 career and volunteer personnel team responded to approximately 7,090 calls last year, 81% of which were EMS-related.

We operate out of 16 stations, 3 of which have career staffing 24/7. Administration is based at our Veneta Headquarters Station; The 3 career staffed stations and the remaining 13 stations are also staffed by out-of-district and community volunteers. These volunteers are vital to our operations.

VOLUNTEER FIREFIGHTER PROGRAM

VOLUNTEER FIREFIGHTER EXPECTATIONS & COMMITMENT

Lane Fire Authority utilizes volunteers (18 years and older) to protect life and property through firefighting and EMS activities often performed under conditions that require strenuous physical exertion. Our fall and spring academies consist of web-based coursework done during the week before a hands-on practical session on Sundays. After the academy, you will be assigned a 24hr shift every 6th day at one of two of our staffed stations. We excuse our volunteers for work and/or school but expect them to be at the station ready to respond to emergency calls for the remainder of the 24hrs.

We are looking for people who care about our community and are willing to receive in-depth cost-free training to become Firefighters. These individuals will work and train hand in hand with paid staff and our existing team of dedicated volunteers to respond to every type of alarm our agency receives. We are incredibly proud of the level of professionalism and expertise our volunteers demonstrate.

FIRST YEAR COMMITMENT:

Recruit Academy - 120 hours
Wildland S-130/190 L180 - 24 hours
Hazardous Material Operations - 16 hours
Regular Drill Training - 144 hours
Specialized Training - 32 hours average
Shift Work - 90 hours
